No

Note: I am aware that my application for enrolment does not refer to specific courses in the subject concerned. The lecturer in charge is solely responsible for any decision regarding your admission to a course, irrespective of your enrolment as a Visiting Student. A Visiting Student hence has no claim through his/her enrolment to admission to a specific course. Please therefore enquire prior to applying for enrolment about the admission conditions in the courses which interest you. Visiting Student status permits participation in courses; it is not an authorization to sit examinations.

Note: Duly enrolled students have accident insurance cover during their studies in accordance with the regulations of the Accident Insurance Fund of North Rhine-Westphalia (Unfallkasse Nordrhein-Westfalen). All other groups (Visiting Student / Visiting Doctoral Researcher) do not have accident insurance cover.
